

Meridian Freight Services

Master Services Agreement — MSA-2024-118

This agreement is made between Meridian Freight Services (the "Supplier") and Halden Retail Group (the "Client"), effective 1 March 2024 for an initial term of twelve months. It governs all haulage and distribution services requested by the Client under purchase orders referencing this agreement.

1. Rates. The Supplier shall bill professional haulage services at a rate of USD 145.00 per hour. This rate is fixed for the full term of the agreement and may not be revised without a signed written amendment executed by both parties. Hours are recorded to the nearest quarter hour and are billed monthly in arrears.

2. Payment terms

All invoices issued under this agreement are payable Net 30 days from the invoice date. The Client shall raise any dispute over a line item within ten business days of receipt, failing which the invoice is deemed accepted in full.

Late payment interest accrues at 1.0% per month on any overdue balance, calculated daily from the day after the due date until payment is received in cleared funds.

3. Fuel surcharge

A fuel surcharge may be added to each invoice, capped at 4% of the pre-tax line total for that invoice. The surcharge is calculated against the published regional diesel index for the month in which the services were performed.

Where the index falls below the baseline recorded at signature, no surcharge shall be applied and any surcharge already collected for that period shall be credited.

4. Term cap and notice

Total billings under this agreement shall not exceed USD 48,000.00 in aggregate across the twelve-month term. The Supplier shall notify the Client in writing once cumulative billings reach 80% of that cap.

Either party may terminate this agreement on 60 days written notice delivered to the address of record. Termination does not affect amounts properly invoiced before the effective date.
