

Northwind Logistics — Q3 Operations Review

Internal summary, prepared for the operations committee.

Throughput held steady across the quarter while cost per shipment fell in every region except the North. The committee asked for a breakdown of on-time delivery by depot; that breakdown appears in the chart below. Depot-level figures are not repeated in this text.

On-time delivery rate by depot

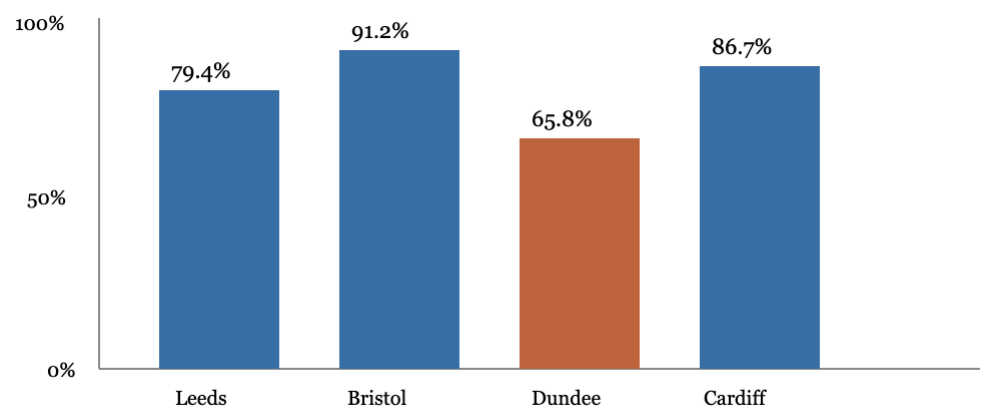

Figure 1 — On-time delivery rate by depot, Q3. Dundee is the only depot below target.

Cost per shipment

Region	Q2 (£)	Q3 (£)	Change
